

Spring Cleaning

There's something about the longer days and warmer weather that give you that extra motivation to get it all together! I love to use this time to reorganize and clean up my home. Having the right tools to get the job done comes in handy and I'm sharing my favorite ones to get your own spring cleaning in gear!

Have you ever seen a cuter paper towel? There are so many prints to choose from but I'm loving this fresh lemon design! They're reusable which makes them super eco-friendly.

You know those hard to reach places that never seem to get clean? Try a cleaning gel that is almost like a cross between putty and slime. It works to get into the smallest spaces leaving them cleaner than ever!

\$16 available via Walmart

This thing is magic! If you have dogs or cats then you know pet hair can be a nuisance. We use this on furniture and bedding to easily remove pet hair!

\$26 available via Amazon

Help keep your home smelling fresh with a Pura Device! They have an app that connects to your phone and you control the fragrance level. They have scents from many well known fragrance companies but the Prosecco by Antica Farmacista is my all time favorite!

\$44 available via Pura

Clean it all with this non-toxic cleaning option from Lavender Thorne! It's perfect for any surface since it's a multi surface cleaner.

\$16 available via Lavender Thorne

Such an adorable set of brushes for all your cleaning needs! The blue set is my favorite.
