

Sun Protection Style

It's heating up and the UV rays are at an all time high. Keeping your skin protected from the sun is one of the most important things you can do during summer! Modern technology has made it easier than ever (plus cute!) to keep the sun at bay. I'm sharing all my must haves for sun protection in style!

Keep it shady with a fun outdoor umbrella! I love this gorgeous tropical print. The fringe detail is just adorable! It even comes with its own stand to keep it sturdy.

I adore the look of this cover-up tunic! The zipper detail and hood add a sporty touch. The fabric is made with UPF 50+ for extra protection. This will take you from the pool to evening cocktails with a pair of wedges or sneakers!

I love to wear hats year round but you won't catch me outside in the summer without one on. These gorgeous artisan palm hats will keep you covered on all sides and couldn't be cuter! I love the fun colored bands on them.

Keep your skin covered with a UPF 50+ rash guard! This one even includes thumb holes as a fun detail. The rash guard is slightly cropped and can easily be paired with any high waisted bottoms!

Keep your eyes protected from the sun by wearing sunglasses even when it is overcast. A pair of black Ray-Ban® Wayfarers will always be in style! They are truly a classic.

I have been using this tinted SPF from EltaMD for years! It's so lightweight and can be worn under makeup or alone. This is a must in my summer beach bag!
